About the Natural Medicines Database

"The reference book" used by physicians, pharmacists and nurses which was created by the trusted editors of *Pharmacist's Letter* and *Prescriber's Letter*...seasoned drug information professionals with more than 18 years of experience.

The Natural Medicines Comprehensive Database is recognized as the 'scientific gold standard' for 'evidence-based' information on this topic. Leaders in conventional medicine as well as complementary, alternative, and integrative medicine recognize the Database as the go-to resource for the most complete and practical information.
